RELIABLE RADIOS

FOOTBALL STADIUMS

TWO-WAY RADIOS

Football stadiums welcome all kinds of people on a matchday. From families in the home end, to die hard fans in the away section - the before, during, and after the game can present different kinds of challenges.

Many stadiums across the country use two-way radios for safety, security, and even efficiency purposes.

In this section we highlight the top two-way radios that aid crowd control, boost staff safety, and help the matchday experience run as smoothly as possible.

03 R-SERIES

A closer look at two of Motorola's star performers.

04 H-SERIES

A closer look at two of Hytera's next generation talent.

R-SERIES

THE SMART THINKER

R7

THE R7 IS ONE OF THE SMARTEST PLAYERS ON THE MARKET. IT HAS IMPRESSIVE ATTRIBUTES THAT MAKE IT STAND OUT FROM THE REST:

- Crystal clear audio and a powerful speaker that delivers 102 phons straight out of the box.
- IP68 rating against exposure to water and dust.
- Large 2.4in QVGA 320 x 240 pixel display to provide vital information at a glance.
- Over the air programming via WiFi so radios will be kept up to date with minimal fuss.

R2

THE ULTIMATE WORKHORSE

THE R2 IS RIGHTFULLY DUBBED THE 'ULTIMATE WORKHORSE'. HERE'S WHY:

- IP55 rating against exposure to water and dust.
- Slim and lightweight, weighing less than 290g.
- Meets MIL-STD-810 requirements across 11 environmental conditions
- LED indicator that blinks red to indicate low battery life
- SINC+ noise cancellation with selectable audio profiles

H-SERIES

NEXT-GENERATION TALENT

THE HP785 IS A NEXT-GENERATION RADIO THAT ADOPTS A MODERN APPROACH TO TWO-WAY COMMUNICATION. IT OFFERS YOU:

- AI-based noise cancellation to maintain superior audio
- Water-porting design to maintain audio clarity
- IP68 rating against exposure to water and dust
- Up to 24-hour battery life
- Just 310g in weight

HP785

A RELIABLE RUNNER

THE HP605 IS GOOD VALUE FOR MONEY WHEN IT COMES TO RELIABILITY AND PERFORMANCE. HERE'S WHAT IT OFFERS:

- AI-based noise cancellation to maintain superior audio
- IP67 rating against exposure to water and dust
- A near 20-hour battery life gives you no need to charge radio
- Tactile Push-to-Talk and programmable buttons for ease of use
- Optional Bluetooth connectivity to audio devices to enhance user experience

HP605

BODY CAMERAS FOR SECURITY

BODY CAMERAS

Body cameras (or body-worn cameras) are growing in popularity. You may notice the police adopting the wearable technology at football matches, but your staff will benefit from their use too.

They offer evidence-based footage but also act as a deterrent for anti-social behaviour.

In this section we highlight three of the best body cameras that will help your club cut down on anti-social behaviour throughout the course of the season.

18 BEST CAMS

A closer look at three of the best body cameras to help you capture footage and deter matchgoers from abusive behaviour.

BODY CAMERAS

Make camera saves more about evidence gathering and cutting out anti-social behaviour and less about what happens inbetween the goalkeeper's goalposts.

LTECAM T8
